Civic Committees Named at Inaugural Meeting of the City Council for '29

Ald. Howatt Is Deputy Mayor for First Quarter—Aldermen-Elect Ellis, French and Torsen Welcomed by His Worship the Mayor—Routine Business Occupies Most of Session of City Fathers

The inaugural meeting of the Wetskiwin Council was held Monday evening, with all members in attendance.

J. E. Fraser reported that the oaths of office and qualifications of the new members were all in order. His Worship welcomed the newly-elected members, Aldermen A. L. Ellis, H. R. French and Thos. Torsen to the Aldermanic Board; and briefly referred to the financial and other conditions of the city.

After the reading and adoption of the minutes of last meeting, the Standing Committees were selected for the year as follows:

Finance—Ald. Ellis, French and Howatt.
Police, Fire and License—Ald. Torsen, Scott and Cook.
Public Utilities—Ald. French, Ellis and Scott.

Health, Relief and Parks—Ald. Howatt, Cook and French.
City Lands—Ald. Cook, Howatt and Torsen.

Public Works—Ald. Scott, Torsen and Ellis.

Board of Health—The Mayor, Medical Officer of Health, Chief of Police, R. M. Angus, V. C. French, with Ald. Howatt and G. L. Gohard appointed by Council.

Hospital Board—Major Montgomery, Ald. Howatt, Ald. Scott, Ald. Ellis, Dr. N. A. Johnson, Mrs. B. D. Howatt, Mrs. V. C. French, and two representatives from the Municipal District of Montgomery and one representative from the Municipal District of Bigstone, all re-appointed.

Parks Board—Dr. Johnson, Ald. Howatt, W. H. Odell, C. H. Boyer and the Mayor, all re-appointed.

Library Board—C. H. Russell, Mrs. G. D. Wallace, Mrs. J. E. Fraser, Rev. A. Appelt and the Mayor.

City Solicitor—C. H. Russell, at salary of \$200 per year, re-appointed.

Medical Officer of Health—Dr. A. S. McColligan, at salary of \$200, re-appointed.

City Auditors—Jas. A. Henderson & Co., at salary of \$275, re-appointed.

City Veterinary Inspector—Dr. N. A. Johnson, at salary of \$125, re-appointed.

Inspector of Insurance—C. D. Smith, without salary.

Deputy Mayor for first three months of 1929—Ald. Howatt.

Council decided to meet every other Tuesday evening during the year, the next meeting to be held on January 22nd.

The fidelity bonds for the secretary-treasurer and his assistant were accepted by the Council.

Mr. Gibson, representing the Russell Grader Company, addressed the Council, offering to sell the machine now in the city, at a reduction of ten per cent., as there was an amalgamation of the machinery companies. The matter will be held in abeyance until the question of the Austin grader is settled.

Alex. Cummings addressed Council asking for a little water to re-fill a small skating rink near the well on the east side. Request was granted under supervision of Ald. Scott and Ald. Cook.

A letter was read from the Dept. of Agriculture, re the course for Weed Inspectors to be held in Edmonton. Letter filed.

A letter from the City Solicitor re claim was read and filed.

J. E. Fraser reported in the matter of Johnson Agencies effects, amounting to \$428. Report was adopted.

Mr. Duff wrote re matter of moving water tower. Letter filed.

Hon. J. E. Brownlee, premier, wrote re embodying a clause causing scrap

WETASKIWIN STUDENT WINS SILVER MEDAL IN MUSIC

The music pupils of Mr. G. D. Van Stockum, who were successful in passing the musical examinations for the London College of Music received a silver medal for their performance of the piece entitled "The Silver Medal" for the highest marks received in the senior piano. Great credit is due Mr. Van Stockum for the excellent results of his pupils.

Weddings

SWITZER—CALLIES

A quiet wedding was solemnized at the home of the bride, Mrs. M. E. Callies, on Wednesday, January 9th, at 11 a.m., when Harold Martin Switzer, eldest son of Mr. and Mrs. B. Switzer of Cherry Grove district, was united in marriage with Esther Mary Callies, second daughter of Mr. and Mrs. Carl Callies of Wetskiwin. The bride was attended by Helen W. Switzer, and the groom by Fred R. Callies, brother of the bride. The ceremony was performed by Rev. A. L. Elliott and immediately afterwards the party repaired to the bride's home, where the wedding breakfast was served.

The happy young couple will visit Edmonton for a few days and then make their home on their farm east of Wetskiwin.

ANDERSON—MEYER

On Wednesday, January 2nd, at 3 o'clock, the Swedish Baptist church of Wetskiwin, was the scene of a pretty wedding when Alice Sophia, daughter of Rev. and Mrs. P. M. Meyer of Wetskiwin, became the bride of Clarence Anderson, eldest son of Mr. and Mrs. William Anderson of Sedgewick, Alberta. Rev. E. J. Hansell officiated.

The bride, who entered the church on the arm of her father, to the strains of Lohengrin's Wedding March, was charmingly gowned in white georgette trimmed with radium lace. Her embroidered, white veil was arranged in cap effect and held in place by a lovely wreath of orange-blossoms, and she carried a shower bouquet of Ophelia roses and white carnations.

Miss Esther Meyer, twin sister of the bride, was bridesmaid and wore a becoming frock of pale pink crepe with a white and pink patterned skirt and white carnations. Mr. Leonard Anderson, brother of the groom, acted as best man. Miss Irene Brandt presided at the organ.

Immediately after the ceremony, Mrs. A. Erickson and Mr. John Lindquist entertained with vocal selections and suitable addresses were given by Rev. E. J. Hansell and Rev. A. Wingblad. A reception was then given, when some seventy-five guests extended their good wishes and congratulations to the happy couple, who received standing beneath an arch of pink and white. The church was effectively decorated with white and pink streamers.

Mr. and Mrs. Anderson were the recipients of many beautiful and costly gifts, which showed the high esteem in which they are held.

The young couple left on the midnight train for Winnipeg and points in Minnesota. They expect to return in March and will make their home at Killam, Alberta.

ARRESTED FOR BREAKING INTO GARAGE AT MENAIX

On Sunday morning, Sergt. Broadbent of the A.P.P., Wetskiwin, received a telephone call from Fred M. Sweet of Menaix, stating that his gas pump and garage had been broken into early that morning. On arriving at Menaix, the Sergt. found men's tracks in the newly fallen snow leading from the roadway to the gas pump and to a broken window in the garage and back to the road where they had entered a car. With a few minutes' proceeding down the C. and E. trail and 2 1/2 miles south of Menaix they came to an abandoned sedan on the road. It has a Chev. chassis with an Essex body, license No. 30-949. The tracks of two men and a lady going south were followed to Ponoka and on making investigation, were located in a rooming house, James Patrick, registered in the name of David O'Brien and Charles Cain and Margaret Trivett, registered as Mr. and Mrs. Haldane. All three were placed under arrest and brought to Wetskiwin. They appeared before Police Magistrate R. M. Angus on Monday morning, where Patrick and Cain were charged with breaking and entering with intent to commit an indictable offence. On hearing the evidence for the prosecution, the magistrate committed them to stand trial at the next Court of Common Pleas to be held at Wetskiwin. The girl Margaret Trivett, was bound over to appear at court as a material witness. They were taken north Monday afternoon by Sergt. Broadbent, where they will face another charge of theft of an automobile from Edmonton, as the car they were driving had been stolen from there.

Mr. and Mrs. R. Irving of Edmonton, spent Sunday at the home of Mr. and Mrs. R. H. Asp.

Town Topics

At the last meeting of the L.O.B.A., No. 792, Mrs. Isabella Elliott was installed as Guardian.

Mrs. Schindler left a few days ago for Bulwar, where she will remain for some time with her son.

T. C. Kibben, who was laid up with the flu for several days, has resumed his duties at the Northern Drug Store.

J. W. Somers, who was confined to the house with a severe attack of the flu for several days, is able to resume his duties at the Northern Drug Store.

R. P. Pidgeon of the staff of George Lowry Limited, was united in marriage to Miss Durr, at Oils on Friday last. We join in extending congratulations.

The Right Rev. H. A. Gray, Bishop of the Diocese of Edmonton, will be in Wetskiwin over the weekend and will be the preacher of the Immanuel Church Sunday morning.

Miss Kennedy of the High School teaching staff, was unable to resume her duties here at the re-opening of the school, owing to illness. She was a patient in one of the Edmonton hospitals.

Sittings of the district court are being held at the court house here this week, with His Honor Judge Lees presiding. We have been informed that there are only a few cases on the docket.

The regular weekly meeting of the W.M.S. of the United church will be held in the Sunday school room of the church on Tuesday, January 15th, at 3:30 p.m. All women interested in missions are welcome.

Mrs. A. Weyl, who for her home in Calgary, on Wednesday, after spending Christmas and New Year's at the home of her parents, Mr. and Mrs. A. Craig. She also visited at the home of her sister, Mrs. Charlie Craig.

W. H. Odell returned on Wednesday morning from attending the Kiwanis District Trustees Convention which was held at Saskatoon, where part of the week he was the representative from Wetskiwin.

The favorable weather has enabled the work at the Elks' hall to progress rapidly. The roof has been placed on the building and it is expected that the building will be ready for occupancy in less than a month.

H. C. Cooke has leased a portion of the premises formerly occupied by Johnson Agencies, and is having an art cut in the wall, thereby joining the two stores.

The Godfrey Baker Agencies will have their office at the rear of the store.

Mr. and Mrs. R. P. Pidgeon were called to Red Deer Tuesday on account of the serious illness of the former's sister. She passed away before Mr. Pidgeon arrived. Deceased was a guest at her brother's wedding four days before she died.

The building formerly used by the Lucas school district as a school house was moved to town last week and placed on a lot just south of the Parish Hall. It is being fitted up as a church by the Pentecostal congregation, who have purchased both the building and land.

Referring to the brave firemen who took diphtheria anti-toxin and other supplies to Fort Vermilion from Edmonton last week, the Journal Peace River correspondent says: "On Saturday night the firemen were the guests of Mr. and Mrs. Jos. Heric at dinner. The Herics learned through the messages, broadcast by C.J.C.A. that the two firemen were in town. Mr. Heric knew "Wop" May during his boyhood at Carberry, Manitoba, where the fireman was born, while Vic Horner knew the Herics during his early days at Wetskiwin.

HON. FRANK OLIVER FACING BIG TASK

Ottawa, Jan. 7.—The unusual number of level crossing accidents within the past few months provide a stack of cases for Hon. Frank Oliver to look into. In nearly every case the fatalities have given rise to applications for grade separations or other forms of protection. It is to report on such proposals that Mr. Oliver was recently commissioned.

In nearly every instance inquiry has disclosed, recent fatalities have been caused by attempts by motorists to pass over the locomotive. The number of deaths from this cause stimulate the move for more adequate protection.

The Family Herald and Weekly Star of Montreal holds a record for subscribers renewing voluntarily and continuously year after year. After all it is not surprising when one considers the quantity and quality of the news and reading matter which it offers at a price ridiculously low—\$1 a year or three years for \$3.

Mr. and Mrs. R. Irving of Edmonton, spent Sunday at the home of Mr. and Mrs. R. H. Asp.

VICIOUS PIE ATTACKED HUGHENDEN RESIDENT

Hughenden, Jan. 3.—Joseph Marline, livery barn proprietor and agricultural implement agent, was badly injured by a vicious pig while alone in his barn. After being badly gashed in the thigh he managed to crawl into a manger where he was protected from further onslaughts until assistance arrived. Serum for tetanus treatment is being rushed here.

Obituary

MRS. ADAM KAISER, JR.

An oppressive cloud of sorrow was cast over the little community, when it was learned that Bertha, beloved wife of Mr. Adam Kaiser, Jr., had left this earthly life early on Friday morning, at the age of 51 years, 5 months and 15 days. She had been sick only a short time, hence her untimely passing came as a surprise. She was one of the early settlers of the community, and was held in the highest esteem by all her friends and acquaintances. Shortly before her death, she received Holy Communion, and clung with steadfast faith in her Saviour, Jesus Christ.

She leaves to mourn her loss, a sorrowing husband, six sons, seven daughters, three sisters and one brother, and six grandchildren, as well as a host of friends and acquaintances.

The funeral, which was held on Sunday afternoon at St. John's Lutheran church, west of Wetskiwin, was the largest ever held in the community, there being about 90 automobiles and 15 rigs, which conveyed friends, far and near. The service was conducted by Rev. H. G. H. Klingbeil, assisted by Rev. J. Goos, Professor of the Lutheran College and Seminary at Saskatoon. His message, which was delivered in German, was based on Jeremiah 29, 11: "For I know the thoughts that I think towards you, saith the Lord, thoughts of peace, and not of evil, to give you an expected end." A second sermon was delivered in English by Rev. H. G. H. Klingbeil, local pastor, who took as his text 2 Timothy 4, 6-8. During the service, Mrs. H. J. Montgomery of Wetskiwin, passed away at a local 40, which made a great impression on the congregation. The choir rendered a number of appropriate selections.

The pall bearers were Messrs. Carl, William, Ernest, Arthur and Fred Kaiser, and A. Schreiffels, who carried their beloved mother to her last earthly resting place.

The floral tributes were especially beautiful and numerous. "For her to live was Christ, therefore to die was felt by us as a loss, but it was gain to her."

GUSTAV HERMAN BURKHARDT

As intimated in last week's issue, Gustav Herman Burkhardt, one of the pioneer settlers of the Crooked Lake district, passed away on January 2nd at the age of seventy years. Four months and sixteen days. Deceased was born in Dresden, Germany, in 1858, and immigrated to the United States in 1872 and settled in North Dakota. On November 9, 1883, he married Miss Bertha Schemp, and in 1891, they came to Alberta and settled on a homestead five miles north of Wynne, where they resided until his death.

Deceased was a man of sterling character and had a large circle of friends, always extending a glad hand to visitors. Last summer he built a beautiful new home and moved into it in the fall, and had hoped to spend many years in comfort.

Besides his beloved wife, he leaves to mourn his loss a family of nine, namely, Charles, Edward, Alfred, Walter and Gladys at home, Otto H. Mrs. Hay, and Mrs. Mikulecky in the district and Mrs. Harmon of North Louisa, Nebraska, who came home to attend the funeral, as well as six grandchildren.

The funeral was held on Tuesday afternoon, interment being in the Crooked Lake cemetery, the service being conducted by Rev. A. L. Elliott of Wetskiwin, and was one of the largest ever held in this community. The large number of floral tributes attested the high esteem in which the deceased was held by his many friends.

MRS. CHRIS GUNDERSON

Another old timer of the Wetskiwin district, in the person of Beata, beloved wife of Chris Gunderson, of the Wang district, passed away in the Wetskiwin hospital on Tuesday of this week. She was aged eighty-two years and one month, and had been a resident of this community for about twenty-eight years. She leaves to mourn her loss, a husband, two daughters, namely, Mrs. Sam Egan, Hesper, Iowa, and Mrs. E. Froese of Wynne, also one sister and two brothers in the United States.

The funeral will take place on Thursday of this week, the interment being in the Wang cemetery.

Madames Burkholder, Chiddy, Odell and Wang were guests at the B.P.O.E. banquet in Red Deer Wednesday, January 2nd.

Over Hundred and Fifty Attend Banquet Held to Honor Departing Citizens

Mr. and Mrs. A. P. Moan Are Recipients of Presentations—Provincial Treasurer Reid and Several Other Prominent Personages Pay Tribute and Deal With Matters Co-operative

A. P. Moan, who has been the credit for the success of the store here, and attributed the growth and development of the business to the loyalty of the patrons, as without their strong support it would have been a failure. Another reason for the success of the store was the unstinted loyalty and faithful work of the staff, and he asked that the same loyal support be given to his successor. It was with feelings of deep regret that he severed his connections with the store and the community life, but these would not be forgotten in his larger field of activity.

E. E. Sparks, M.L.A., referred briefly to the Co-operative movement which started in England in the year 1830, also to the success of the movement started in 1844 in Wales. After eulogizing the sterling qualities of Mr. Moan, he referred to the opening of the Legislature on January 24 and invited the electors of the Constituency to visit the Parliament buildings during the session.

Frank Lucas, John Maynard and J. A. Wingblad, and others, spoke briefly, expressing their regret at the departure of Mr. Moan.

The last speaker of the occasion was W. Irvine, M.P., who expressed his personal gratitude at being present to honor the guest of the hour. After speaking on Co-operative lines for some time, he referred in eloquent terms to the loss Wetskiwin would sustain in the departure of Mr. Moan, but he was certain that he would make a great success of the work he was undertaking. He referred to the personal regard he had for Mr. Moan, to his sane business ability, and to his high qualities and character, to his public duties as Alderman and member of the school board, and to his popularity as a citizen.

The banquet was a great tribute to Mr. Moan, and will long be remembered by everyone present.

IMMANUEL CHURCH W.A. ELECT OFFICERS

The annual meeting of the W.A. of Immanuel Church was held at the home of the president, Mrs. Barnett, on Tuesday afternoon, January 8th, when very gratifying reports for the year 1928 were given.

The election of officers for the ensuing year took place as follows:

President—Mrs. E. Barnett.
1st Vice-President—Mrs. W. Barry.
2nd Vice-President—Mrs. C. E. Compton.

Secretary—Mrs. J. C. B. Williams.
Treasurer—Mrs. H. W. Wright.
Little Helpers' Secretary—Mrs. A. Knox.

Dorcas Secretary—Mrs. B. M. Parker.

RED CROSS NURSERY AT U.F.W.A. CONVENTION

As in former years, the Red Cross Society, on the invitation of the U.F.W.A., will operate a nursery for babies and children who accompany their parents to the annual Convention on January 15th.

Upstairs in the large and airy room of the First Presbyterian Church, allotted to the Red Cross for this purpose will be found small cots and comforts for the little people, to whom lectures at a convention are a bore indeed. A corner of the nursery is set aside for the older children, who will find playthings and picture books to while away the hours, while mother is at the U.F.W.A. downstairs, or father is joining in the discussion with the men in their sessions.

As a token of the high esteem in which Mr. and Mrs. Moan are held, and as a sign of the close friendship formed during their sojourn in Wetskiwin, they were presented with a beautiful Chesterfield from the Association, and Mr. Moan was made the recipient of a handsome club-bag, a gift from the Directors of the U.F.A. store.

Mr. Moan, in expressing his appreciation for the handsome gifts, stated that they would always be regarded and cherished as they would recall very pleasant memories of Wetskiwin. He modestly disclaimed much

Arts and Crafts Exhibit a Big Success

The Arts and Crafts exhibit in the Library closed on Saturday night after a most successful week's run.

Owing to the unfortunate sickness of Rev. Father Walravens, the judging of the art section was delayed.

The great variety of different classes, every exhibit being almost in a class by itself, made it doubly difficult to award prizes, particularly when each and all were excellent.

The entries for the Photographic Section did not come in as expected, but this may have been accounted for by the short notice given.

The following are the awards for the best six snapshots: 1st, Mrs. C. L. Winter, prize value \$2.50; 2nd, Mrs. Holmes, prize value \$1.50; 3rd, Mrs. Bort Shaw, prize value \$1.00. If the winners will call at Mr. Carl Wallin's Studio they will receive value for these amounts.

J. E. FRASER, Sec. Treas.

Kiwanis Club Installed New Officers

At the weekly luncheon of the Wetskiwin Kiwanis Club, held on Wednesday evening, Jan. 9th, (Bob) Grant was installed as president, and W. H. Odell, president for last year, was welcomed by the association of past presidents. The reports of the secretary and treasurer were presented showing that good work had been done during the year. One hundred and fifty Christmas hampers were sent out, and there is nearly \$3700.00 to the credit of the skating rink fund.

The committees for the ensuing year were then appointed, and are as follows:

Program—W. Barry, W. H. Odell, V. C. French.

Membership and Classification—V. C. French, C. H. Russell, H. R. French.

Attendance—Ross M. Snyder, C. M. Rice, Bill Moore.

House- Reception—W. Prest, Charlie Boyer, T. E. Williamson.

Education and Publicity—R. W. Manley, H. C. Cooke, F. E. Abousaury.

Inter Club and Sports—J. V. Somers, J. P. Ellis, J. Schreiffels.

Public Affairs—Ald. Ellis, Dr. Gunderson, H. R. French.

Agriculture—E. R. Rasmussen, E. B. Switzer, L. G. Kelly.

Musical—C. W. Niles, H. W. Wright, Father Walravens.

Finance—H. Chalmers, J. E. Fraser, C. W. Wallin.

Business Standards—W. P. H. Montgomery, B. M. Parker, Curt Smith.

Glennances and Goodwill—Rev. A. L. Elliott, Dr. Shillabeer, F. Kirstein.

Edmonton, Jan. 9.—Gratifying results from the operations of the Alberta Dairy Pool were reported.

HOW CANADIAN HOG
PRICES ARE MADE

Someone in a wiggish frame of mind has lately said "When the price of hogs goes up it is due to supply and demand and when they go down it is due to packers' manipulation." A very natural reaction to one's frame of mind but hardly sound judgment.

Hog prices in Canada are made by the play of three influences on the market—(a) American hog prices; (b) domestic demand in relation to supply; (c) the British price of bacon. When domestic demand is filled and British bacon prices are relatively low the price of Canadian hogs is based on United States hog markets. When supply is small the price shifts to the

domestic demand factor, and when the British bacon price is stronger than either of the other influences the market for hogs is made by this factor. These influences work at times singly and at times in combination. Except for the short period that occurs in most years when the domestic demand is the controlling factor, either the British bacon prices or the American hog prices are the bases on which the Canadian hog prices rest.

A PIECE OF PIE

Some of the modern diet delusions are claiming that the habit of eating pie is a pernicious one. They would have it barred from the daily cuisine as a menace to health. A drastic movement such as this would be little short of a national calamity. There is probably no article of diet which appears in such infinite variety and enjoys such a widespread popularity as pie. It has an old-fashioned homey appeal to the hearts (or rather stomachs) of millions of devoted devotees who would rise in open rebellion at any attack on its character or reputation. It is an old reliable stand-by that has stood the test of time, the attacks of fanatics, and the forebodings of the dyspeptics. Its interior contents are many and varied, and all are generally good (except dried apple) although some kinds have more allurements than others.

Vegetables, cereals, fruits, berries, fish, and wild and tame animals have all contributed to the many and mysterious compounds used in its interior upholstery. Millions of inventors are continually searching and experimenting for new ingredients and possibilities.

Pie can be obtained in the three standard and approved models of open-faced, closed and cross-barred—designs which have been approved by age and usage and are fittingly appropriate to certain species.

Pie can be eaten by people of all ages, of all races, of all colors. It is equally enjoyable hot, lukewarm or cold, with or without music, waiters, light, napery, table hardware or other implements. It is good when eaten alone, or in company with cheese, sauce, sugar, milk, and any kind of cream—(whipped, calm or frozen). It is equally palatable in the laborer's dinner pail, the fly-specked beanery, the railway lunch counter, the choicest and most select caterer, or the secret padlous of the most shamelessly-expensive hyphenated hostelry. It can be eaten for all meals—breakfast, luncheon, dinner or a midnight snack. (I happen to know an old grey-haired rascal that skrimishes around before breakfast on Sunday mornings in hopes of discovering a piece left over from the previous meal.) It is good at all hours, in all seasons, in all weathers, provided always that it be well and truly made. That is the main consideration. Beware of the shameless and base imitation, made from embalmed commercial mystery artfully concealed beneath layers of paid linoleum that flaunts its brazen and spurious effrontery on an innocent clientele.

Heart Palpitating
Made Her Throat
and Chest Throb

Many people may be unaware of having anything wrong with their heart till some little excitement, overwork or worry starts it to palpitate and throb, skip beats, beat fast for a time and then so slow as to seem almost to stop, then it comes great anxiety and alarm.

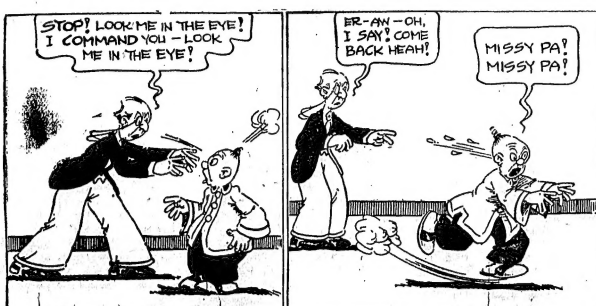

Mrs. O. Jicks, Chaffield, Man., writes: "I used to be very bad with palpitation of the heart and sometimes, with the least excitement, it would seem to beat very fast and make my throat and chest throb."

"I was told by a friend to try

which I did, and before I had taken half the box my trouble had stopped."

Price 50c. a box at all druggists or dealers, or mailed direct by receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

PA'S SON-IN-LAW

FOR THE NEW YEAR

Let me be a little kinder, let me be a little blinder to the faults of those about me; let me pulse a little more; let me be, when I am weary, just a little bit more cheery; let me serve a little better those that I am striving for. Let me be a little braver when temptation bids me waver; let me strive a little harder to be all that I should be; let me be a little neater with the brother that is weaker; let me think more of my neighbor and a little less of me.

ALL GOOD PALS TOGETHER

Business is business, but men are men. Working, loving, and dreaming; Toting with hammer, brush or pen, Rolstering, planning, scheming. Business is business, but he's a fool. Whose business has grown to another. His faith in men and the golden rule. His love for friend and brother. Business is business, but life is life. Though we're all in the game to win it. Let's rest sometimes from the heat and strife. And try to be friends a minute. Let's seek to be comrades now and then. And slip from our golden tether; Business is business, but men are men. And we're all good pals together.

ANON.

How to Play
BRIDGE

Series 1928-29 by
Wynne Ferguson
Author of "PRACTICAL AUCTION BRIDGE"

ARTICLE No. 2

One of my correspondents has asked for more light on the difficult question of deals of partner's suit bids.

As a general rule, deny partner's suit if you have one, two or none of the suit. This rule, of course, should be qualified in two respects: First, that second hand has passed. If second hand has bid,

you can deny partner's suit by passing, so there is no necessity for a take-out. Second, the hand should contain at least a trick or trick and a half to justify a take-out in denial of partner's suit bid. For example: Dealer bids one heart and second hand passes. What would you do with the following hands?

Hand No. 1
Hearts—7
Clubs—A, J, 7, 2
Diamonds—Q, J, 4, 3
Spades—Q, 7, 6, 2

Hand No. 2
Hearts—5, 2
Clubs—Q, J, 10, 5, 3
Diamonds—Q, J, 4, 3
Spades—K, 7, 3, 2

Hand No. 3
Hearts—6
Clubs—J, 7, 6, 3, 2
Diamonds—Q, J, 4, 3
Spades—J, 7, 5, 3

No score, rubber game. Z dealt and passed. A passed and bid one club. B bid one diamond, Z bid two clubs. A passed and Y bid two hearts. If B now bid two spades, what should Z bid? Solution: Z should bid two no trumps. Such a bid should indicate to his partner that he has a stopper in the spade suit but none in the diamond suit. If Z had had a stopper in the diamonds, he would have bid one no trump over one diamond, instead of bidding two clubs. For that reason, he now can safely bid two no trumps without fooling his partner. Y should realize that Z hasn't the diamonds stopped and if he also is without a stopper he should bid three clubs. It is a pretty example of expert bidding and shows clearly how clever players can tell their partner the type of hand held by their bidding. Y's hand in this case was as follows:

Hearts—A, K, J, 6, 2
Clubs—A, K, J, 5, 2
Diamonds—Q, 7, 6, 3, 2
Spades—J

He read Z's bidding correctly and passed the two no trump bid. As a result Z and Y made four odd at no trump, game and rubber, while at clubs they couldn't have made game as they had to lose two diamonds and one heart trick. Be on the lookout for opportunities of this kind.

Answer to Problem No. 1

Hearts—none
Clubs—9, 7, 5
Diamonds—Q, 9
Spades—none

Answer to Problem No. 2

Hearts—none
Clubs—K, Q, J, 7
Diamonds—A, 7
Spades—none

Problem No. 3

Hearts—A, J, 6, 3
Clubs—10, 5
Diamonds—K, 10, 7, 2
Spades—J, 8, 4

No score, rubber game. Z dealt, bid one no trump and all passed. A opened the five of spades, Y played the four. B the nine and Z won the trick with the ten of spades. How should Z plan the play of the hand? Solution is the next article.

BOOZE AT DANCES

From various parts of the district come reports of dances which have been marred by a surplus of liquid refreshments. The great balance of public opinion is against the presence of liquor at dances, and those guilty of carrying it either internally or externally, commit a grave discourtesy toward the management of these social affairs. No person starts out with the intention of interfering with other people's pleasure. Yet it is a fact that the majority of people suffer discomfort, and, if they are in any way concerned, unhappiness in the presence of an uncontrolled and uncontrollable element. While the responsibility of conducting himself as becomes a guest and a gentleman rests on every individual, yet the great burden of guilt lies upon those who furnish the liquor.

Evidently certain parties make a point of following many of these dances entirely for the purpose of dispensing their booze. Minors are often susceptible prey, and no fine moral considerations are apt to deter a bootlegger with wares for sale. Older people are abundantly able to look after themselves, but it is their further responsibility to safeguarding unthinking youth. It is the duty of society to make every possible effort in order that the bootlegger of the dances may be exposed and adequately punished.—High River Times.

THE DIFFERENCE

(When Pa is Sick)

When pa is sick,
It's scared to death
An' ma and us
Just hold our breath,
Ho crawls in bed
And pines and grunts,
And does all kinds
Of crazy stunts.
Ho wants the doctor,
An' mighty quick,
For when pa's ill,
Ho's awful sick.
An' sort o' sighs,
Ho gasps and groans,
Ho talks so queer,
And rolls his eyes,
Ma jumps and runs,
An' all of us,
An' all the house,
An' peace and joy
Is mighty scarce—
When pa is sick
It's something nerve.

(When Ma is Sick)

When ma is sick
She pegs away,
Not much 't say,
She goes right on
A-doin' things,
An' sometimes laughs
'Er even sings.
She says, she don't
Feel extra well,
But then it's just
A kind of spell,
She'll be alright
Tomorrow sure,
A good old sleep
Will be the cure,
An' pa he sniffs
An' makes no kick,
For women folks
Is always sick.
An' ma she smiles,
Let's on she's glad—
When ma is sick,
It ain't so bad.

PEOPLE ARE GOOD

(By Walt Mason)

I size up people as they go, resolved to find some good in each; and, having conned them to and fro, I find that everyone's a peach. Of course men have their little faults, which cause high moralists to stare, and as along their paths they wait they show a blemish here and there. If we keep looking all the time for blemishes and warts and warts, ignoring all the points sublime, we will see faults of many sorts. The more we look the more we'll think that man is but a false alarm, the human race is on the blink, devoid of all its pristine charm. Determined that we shall behold the moral law, the mental kink, we can't distinguish human good, but find all things are lead or zinc. The pessimist who cannot find thing that's worth a second gaze, won't let the sunshine reach his mind, he looks for clouds through all his days. I contemplate the human race and say it is a great success; I watch the people as they chase in merriment or in distress; convinced that they are good as wheat, I see their virtues more and more, and every delegate I meet is better than the one before. It is a better attitude, to keep the world of men in mind, than

MOST people know this absolute antidote for pain, but are you careful to say Bayer when you buy it? And do you always give a glance to see Bayer on the box—and the word genuine printed in red? It isn't the genuine Aspirin without it! A drugstore always has Bayer, with the proven directions for its many uses tucked in every box:

Aspirin is a trade mark registered in Canada

FARM HAZARDS

that of one who's prone to brood upon the frailties of mankind. I often meet a delegate whose manner jars me and repels, but I don't brand him as a skate who never will be wearing bells. "The fact," I think, "that we don't jibe is evidence I'm lacking taste; he doubtless ornaments the tribe in which the two of us are placed."

"Look here, waiter," said a patron in a restaurant, "This fish is not cooked properly." "I know it, sir," the waiter replied, "but you told me it was for your wife." "Well, what—" that," demanded the customer in surprise. "Why," said the waiter, "I know that if the lady was your wife she couldn't be very particular."

CANADA'S IMMIGRATION
POLICY ASSAILED BY
WILLIAM IRVINE, M.P.

Vigorously maintaining that only through economic processes, and not by the inadequate and incomprehensible policy now employed by the government of Canada, could the problems that now confront this young dominion be properly and fully solved, William Irvine, M.P., representing Wetaskiwin federal electoral division, presented his views on the present immigration policy of the Canadian government, to the Labor forum on Sunday night in the Rialto theatre. The audience was large and attentive and Mr. Irvine was in excellent form. His subject was announced as "Canada's Immigration Policy."

"In Canada," said Mr. Irvine, "many people think that all we need is more people on the land. But more millions do not help China, nor India. Yet in Canada we hear the demand for another nine millions of people. Believing as I do that only through regard for the economic situation of this country, can a true solution of our difficulties be reached, I have never accepted that theory. More numbers are not enough. If we get another 100,000 mechanics, will that solve the problem? If we get 200,000 more farmers will that do it? What virtue, I ask, is there in numbers like that so long as the present uneconomic condition throughout the country remains? With more farmers, there would be only more farmers to exploit. With more laborers, there would only be greater numbers to compete and be exploited."

"We are showing a great interest in the immigrants themselves. But if the bare truth were expressed, it would be shown that our immigration policy is not an altruistic one. We look to these newcomers to relieve those of us who are here now from a great portion of the national debt."

Mr. Irvine maintained that this policy of going to Great Britain, for instance, for farmers, is a poor policy. The idea of bringing well trained mechanics to farm in this country is ridiculous. We open schools for the incoming new settlers to teach them our methods, while the boys and girls born on our farms have eventually to move to other ones.

"I have no faith in the government's immigration policy as at present administered. The big thing about it is that it aims to bring in more farmers, who will wield less influence against the government. As a matter of fact," declared the speaker, "it is a class policy, leveled against the class that bears the heaviest burden of taxation—the agricultural class—and because on the farms it takes longer to be known whether solvency exists or not."—Edmonton Journal.

RADIO COMMISSION IS
MAKING PRELIMINARY SURVEY

A preliminary survey of radio conditions in Canada by the newly appointed Canadian Radio Commission is to be followed by a visit to the Eastern States, then to Great Britain, France and Germany. In this way the Commission will be able to study at first hand the three systems in use on this continent and in Europe. In the United States all radio broadcasting is in private hands, the government merely regulating wave lengths, power and time on the air. In Great Britain and Germany, the opposite is the case, all radio stations being owned and operated by the government.

France combines these two methods, time on the air being divided equally between private and government control.

LIVELY SESSION OF FEDERAL
PARLIAMENT IS FORECAST

Ottawa, Jan. 5.—On the announcement last night by Premier King that Parliament would open February 7, political prognosticators began to forecast that the session opening next month will be much livelier than the previous one. With occasional rumors in the air of a possible general election next Fall, the likelihood is that debates in both the Commons and the Senate will be somewhat more spirited. No intimation has been made in official circles, though, on the possibility of an election this year. Two general elections have been held in the Dominion during the past few years, one in 1925 and the last one in 1926; and there are many political observers who lean towards the opinion that no further appeal will be made to the people before 1930.

The budget, it is understood, will be

**Bad Taste in Mouth
In the Morning**

When you wake up in the morning with a bad taste in the mouth, it is a sure sign that your liver is not functioning properly and requires attention at once.

Mrs. S. J. Canning, R.R. No. 1, Severn Bridge, Ont., writes:—"On rising in the morning I found I had bad taste in my mouth which I later found out was due to the bad state of my liver. The clerk in the drug store suggested that I try

brought down early during the coming session. Presentation of this document containing as it does the Government's fiscal policy with any changes to be made in the tariff, is always eagerly awaited.

Indications are that the coming session of Parliament will run into June. While the legislative program of the Government has not been indicated, a number of important matters are definitely scheduled to come before Parliament for necessary action.

Recently Hon. Chas. Stewart, Minister of Interior, announced that a bill for the return of natural resources to British Columbia would probably be introduced in the course of the approaching session.

Other Provinces Interested
Negotiations for the return of natural resources to Alberta are also well advanced, and legislation may possibly be introduced in this case during the session. Premier J. G. Gardiner, of Saskatchewan, is due to arrive in the capital early next month to discuss the question of the early return of natural resources to his province.

The whole question of the stimulation of immigration to Canada will likely receive attention.

Irregularities in connection with the Alaska election of 1925 may result in certain changes being introduced to the Dominion Elections Act.

The report of the Duncan commission on Maritime rights will probably be discussed further. Certain recommendations of the commission with respect to the iron and steel industries in the Maritimes have not been fully implemented as yet.

Cabinet meetings will become more frequent, from now on, in all probability. Estimates for the next fiscal year must be prepared. The budget, that most important item on the sessional program, can only be introduced after mature consideration.

Even now, it is probable that Hon. James A. Robt. Minister of Finance has some of the proposals which he will make to the House in mind, if not actually down on paper.

No Change in Standing
When Parliament re-assembles there will be no alteration in the standing of the parties, the by-elections held since prorogation having left the situation as it was before.

The farmer's best friend is the Family Herald and Weekly Star, Montreal. It costs only a dollar a year, and the family circle gets a superb magazine free.

ACTIONS FOR DAMAGES
IN CAR ACCIDENTS

Mr. James Burgess has taken action against Mr. Sam Hodgkinson for \$2472, damages caused by overturn in car into the creek on First Street South, at the bridge at the foot of McKenzie Hill and Deer. Mr. Burgess had a broken pelvis and was confined to the hospital for some weeks. Mr. Hodgkinson was giving a ride to Mr. Burgess from town to Mr. D. W. McKinnon's, Clearview, when the accident happened.

A similar action has been entered in Edmonton when D. A. McKellar filed a claim in the Supreme Court for damages totalling \$2749 for injuries which he received when the car skidded in loose gravel and overturned, alleging negligent driving by two motorists who gave him a lift from Fort Saskatchewan into Edmonton.—Red Deer Advocate.

CHOICE

The Lord, He said to me, "Sambo! You gotta go, you gotta go. You's gonna live no more; instead I's gonna make you something dead. Sambo, what would you like to be When you have given your life to Me?" I said to the Lord, I said, "If you's gonna make me something dead, Rather than anything else, I'd choose To be a bridge, and have my nose On one bank of a river wide, My toes upon the other side. "Across my back they'd come and go— Friend and enemy, fast and slow, And boats and wagons and cars, Jogging along from near and far, While underneath, unheeding me, The waters flow on to the sea. "If I were a bridge, mas' blessed Lord, I'd give you service, 'pon my word; Helping my fellow man in style, Philosophizing all the while, Feeling more powerful than a king, Yet never doing a doggone thing."

Next time a coated tongue, fetid breath, or acid skin gives evidence of sour stomach—try Phillips Milk of Magnesia! Get acquainted with this perfect anti-acid that helps the system keep sound and sweet. That every stomach needs at times. Take it whenever a hearty meal brings any discomfort. Phillips Milk of Magnesia has won medical endorsement. And convinced millions of men and women they didn't have "indigestion." Don't diet, and don't suffer! Just remember Phillips. Pleasant to take, and always effective.

The name Phillips is important; it identifies the genuine product. "Milk of Magnesia" has been the U. S. registered trade name of the Charles H. Phillips Chemical Co. and its predecessor Charles H. Phillips since 1876.

MERCY PLANE BACK
IN SNOWSTORM TO
RECEIVE ACCLAIM

Edmonton, Jan. 7.—To the roars of an excited crowd of thousands of Edmontonians Captain Wilfred "Wop" May and J. Victor Hornor made a perfect landing at the airport at the western end of Portage Avenue at about 2:45 p.m. Sunday. Thereby, they successfully completed their adventurous flight from this city to Fort Vermilion carrying diphtheria anti-toxin to Dr. H. A. Hamman, Dominion and provincial medical officer, to help quell an outbreak of disease at Little Red Deer, 50 miles beyond Fort Vermilion. They had started from Peace River on the homeward flight at 11:25.

As soon as the tiny Avian plane left Peace River the news was flashed here and from McLennan and other points the progress of the aviators towards home was signalled. When it became apparent that they were near, word was sent to all places in the City boasting sirens and other loud noise-makers and immediately there was set up a tremendous ballyhoo.

That was what the populace was waiting for. A procession of motor cars and pedestrians formed up and made its way to the airport. Trucks and motor cars of all descriptions filled to overflowing with excited passengers hurried up and escorted the brave men to the home of Mrs. Robt. Lee, where a civic reception was held.

**If Food Disagrees
Drink Hot Water**

With Magnesia to Neutralize Acid
and Stop Indigestion. Gives
Instant Relief.

When food lies like lead in your stomach and you have that full, uncomfortable, bloated feeling, it is because of insufficient blood supply to the stomach, combined with stomach acidity and food fermentation. In such cases try the plan now followed by thousands of former sufferers from indigestion by simply taking a teaspoonful of pure Bismarck Magnesia, as any physician can tell you, instantly neutralizes the acid and stops the food fermentation. Try this simple plan and you will be astonished at the immediate feeling of relief and comfort that always follows this simple, harmless restoration of the normal process of indigestion. People who find it convenient at times to secure hot water and travelers who are frequently obliged to take hasty meals poorly prepared, should always take two or three five-grain tablets of Bismarck Magnesia after meals to prevent fermentation of the food and neutralize the excess acid in their stomach.

A HEALTH REVIEW

At the beginning of each year, it is customary, in many fields of human endeavor, to review the twelve months which have passed, to take stock, as it were, and to consider whether or not the year has been a profitable one. It is upon the successes and failures of the past years we base our plans for the future.

It is, therefore, rather an appropriate time for us to review the health conditions of families as they were during the past year. First of all, we should consider whether or not we have taken those steps which would protect us from certain diseases. Vaccination does prevent small-pox. Have you allowed yourself or your children to be exposed to this disease through failure to use vaccination as a means of protection? Diphtheria can be prevented by diphtheria immunization. Have you allowed this disease to continue as a menace to the very lives of your children by your failure to have them immunized?

Safe water and pure milk are fundamental needs. Contaminated water and dirty milk are still the cause of much sickness and many deaths. Have you seen to it that the water you and your family drink, and the milk that you use are pure, or do you live with the dangers of impure water and milk hanging over you?

Have you given attention to your

home. Are your windows screened to keep out flies? Do the windows open to allow for proper ventilation? Does the sunshine get into your rooms?

A much larger measure of health is within the grasp of most of us, but we must make the necessary effort to seize it. If you delayed last year, if you were careless in health matters, start off this year by doing the things you should do in order to avoid certain diseases and to lead healthier lives.

Questions concerning health, addressed to the Canadian Medical Association, 184 College Street, Toronto, will be answered personally by letter.

SOME FATHERS!
Three children were discussing the

incomes of their fathers. One said: "My father writes a song in an evening and sells it for \$25."

The next countered: "My father writes a story in an evening and takes it down town the next morning and sells it for \$50."

"That's nothing," declared the third. "My father gets up in a panic on Sunday and talks for half an hour, and it takes twelve men to carry the money up to him."

FOR MEN ONLY
She—"Now what are you stopping for?"

He (as car comes to a halt)—"I've lost my bearings."

She—"Well, at least you are original. Most fellows run out of gas."

Obituary

MRS. CAROLINE HOLTNER
Another of the old and highly esteemed residents of the district in the person of Mrs. Caroline Holtner, passed away at the home of her daughter, Mrs. E. Cole, Wetaskiwin, on Tuesday, at the age of seventy-three years and eleven months. She was a native of Sweden, and had been a resident of Alberta for about thirty-one years. The funeral takes place on Thursday afternoon, the interment being in the New Sweden cemetery.

MRS. MARY LAMMI
One of the early settlers of the Fina district west of Wetaskiwin, in the person of Mrs. Mary Lammi, passed away at the home of her son Frank, on Sunday at the age of sixty-two years. She was born in Finland and came to this community about fifteen years ago. The funeral took place on Tuesday, service being conducted by Rev. A. L. Elliott of Wetaskiwin. The interment took place in the Fina cemetery.

MRS. M. F. LAFAYE
The angel of death visited the home near Wetaskiwin on New Year's day, and removed Madeline, beloved wife of Mr. M. F. Lafaye, at the age of thirty-five years. Deceased was born near Duhamel, and resided in this district for about twenty-five years. She leaves to mourn her untimely death, a sorrowing husband and a family of six children. The funeral took place on January 2, service being conducted in the Roman Catholic church by Rev. Father Moulin. The remains were buried in the R.C. cemetery, west of the city.

ROBERT WILLIAM SCHMULAND
The sympathy of the community will be extended to Mr. and Mrs. Fred Schmulland in the loss of their young son, Robert William, who passed out of this life at the age of three years, four months and twenty-six days. The funeral took place on Monday, service being conducted in Moore's Undertaking Chapel by Rev. O. H. Miller. The remains were tenderly laid away in the Wetaskiwin cemetery.

GOTTLEB SAUER
Gottlieb Sauer, who has resided west of Ponoka for a number of years, died in the Wetaskiwin hospital on Sunday of this week, at the age of seventy-two years and six months. The cause of demise is given as pneumonia. He leaves to mourn his loss a wife and grown-up family. The funeral took place on Tuesday.

LONG & MIER

TEN MILLION ACRES ON RUSSIAN PLAINS TO GROW U.S. WHEAT

Los Angeles, Jan. 4.—The Times today published an announcement by Thomas D. Campbell, of Hardin, Mont., and Pasadena, who is said to be America's largest wheat grower, that ten million acres of Soviet Russia's plains are to be planted to wheat and flax, with American machinery, under his direction.

Campbell stated he would sail from New York, January 12, for Russia, to complete agreements tentatively entered into during a recent visit to this country of a Soviet consul. Campbell will leave Pasadena tomorrow for Washington and New York.

Campbell said that more than \$100,000,000 worth of American planting and harvesting machinery would be purchased for the work of raising food to feed the Russian people.

NEW ASSEMBLY RULES IN REVISED FORM NOW READY FOR LEGISLATURE

Edmonton, Jan. 4.—Copies of the new rules and orders of the legislative assembly, fully revised and put into handy size book form, have been sent to all the members of the house. The revision, which represents the work of a special committee appointed at the last session, is largely in the nature of a consolidation, and the new book appears to be considerably more compact, concise, and easy to get at. One of the more important changes thus made in the sessional arrangements is the reduction of the house committees from nine to seven, telephones, irrigation and bridges included with railways, education, with agriculture and school, and standing orders with private bills.

MR. H. E. CUTLER IS HONORED BY FIRST BAPTIST MEMBERS

Mr. H. E. Cutler was made the recipient recently of a very elaborate piece of silverware in the form of a dinner tray when he relinquished his office as general superintendent of the school, First Baptist church Sunday.

Mr. E. E. Fielder, the new superintendent, who made the presentation on behalf of the school, paid tribute to the five years of faithful and efficient service rendered by Mr. Cutler as shown by the loyal support of the staff of over 60 workers, and an average attendance of over 500 every Sunday, \$2,000 being raised annually. Mrs. Cutler, who has been a great factor in the growth and development of the school, was presented with a sheet of mums by Miss Mary Beard, Calgary Herald.

FARMERS TAKING MORE INTEREST IN GOOD SEED

Because of the large amount of frost damage during the crop growing season last year, Alberta farmers are taking a greatly increased interest in the branch was established, their 1929 crop.

This was the statement made by G. M. Stewart, district inspector of the Dominion seed branch in Calgary, who added that the number of seed samples received last month was the largest since the branch was established.

"Apparently farmers are realizing that the early frost damaged the germination of their cereals and they are taking steps right away to ascertain if their own seed will be satisfactory, and if not, to procure other seed. This action is to be commended, as officials of the inspection division realize that there will possibly be a shortage of good seed grain to meet requirements next spring," he said. Mr. Stewart said that in order to relieve the pressure on the Winnipeg inspection district, a new inspection headquarters had been opened at Saskatoon, which would give service to all of Saskatchewan. The Calgary office would therefore remain the only district headquarters serving the two provinces, namely Alberta and British Columbia.

BURNED IN GAS TANK EXPLOSION

Rimby, Alta., Jan. 4.—Filling his gas tank while his wife held a lighted lantern near, William Smalak was badly burned about the face and hands, and the car and a nearby barn destroyed by fire, when the gasoline fumes, fired from the naked flame in the lamp, exploded.

Harness, grain, and chickens in the barn were also lost.

COAL RATES IN EFFECT MONDAY

Lechridge, Jan. 7.—Ten days from last Saturday, the special \$6.75 per ton rate on coal from Alberta to Ontario goes into effect and will be operative for six months. The extended period has been arranged for at the request of western coal operators who believe it will help materially in getting a footing in the valuable eastern market.

place on Tuesday, service being conducted at the German Baptist church, five miles west of Wetaskiwin, by Rev. Mr. Benke. The interment took place in the cemetery near the church.

DANIEL MACAULEY'S DEATH REMOVES WESTERN PIONEER

Employee of the Hudson's Bay company when that great trading organization was truly "lord of the north"—gold washer on the Snakeatchewan river—and homesteader in Edmonton twenty years before Alberta was Alberta, Daniel Macauley, for 66 years a resident of the Canadian northwest, has passed on, his death taking place Sunday night at his home at Weed Creek, 30 miles west of Wetaskiwin.

Daniel Macauley heard the call of adventure at 24, and left his native Scotland, sailing from Glasgow in 1863, to be landed finally at the company's trading post at Hudson's Hope on the upper Peace.

It was not until four years later that the "Great Company" turned over its western domain to the dominion government, so that the two provinces, namely Alberta and British Columbia.

when they were absolute over-lords of the vast inland empire granted them by Charles II, and when, in fact, the word of any high officer of the company was the only law of the northwest.

Five years of this, and the young Scotsman was once more on the move, gold washing and prospecting along the Saskatchewan river, where, at Victoria, near Paken, he met the lady who later became his wife.

Returning to Edmonton, Macauley

pled his "grizzly" for years on the river round the old fort, later home of the company which now forms a portion of the Mayfair golf club links, and continuing his gold-washing operations between whites.

In 1885 he sold out his holdings and moved to Weed Creek, where he remained until the time of his death.

Hale and vigorous until the last, in spite of his 89 years the late Mr. Macauley took an active interest

in all things pertaining to the welfare of the community in which he lived, and he will be greatly missed by a host of friends.

He is survived by his widow, five sons, Jack, William, Joe, Harry and Albert, and three daughters, Annie, who is with her mother at Weed Creek, Mrs. Ewing McDonald of Camrose, and Mrs. J. R. Jellis, 9736 100A street, Edmonton.—Journal.

Provincial Weekly News Bulletin

(Issued by Publicity Commissioner, Government of Alberta, Edmonton, New Deputy Minister of Telephones Appointed)

Jas. D. Baker, who for the past eight years has been plant superintendent, has been appointed to the position of general manager of the Alberta Government Telephone System and Deputy Minister of Telephones to succeed R. Bruce Baxter who recently resigned to become general manager of the Calgary Power Co. Mr. Baker's connection with the service extends over the past 22 years and his promotion comes as a recognition of seniority as well as ability.

The position vacated by Mr. Baker has been filled by the appointment of W. C. Bruce who has been traffic superintendent, his position being taken

by the promotion of W. B. Ferguson, commercial engineer in the department.

Successful Season in Sugar Beet Industry

Over 100,000 bags of sugar have been manufactured during the past season in the plant of the Canadian Sugar Factories Limited at Raymond, according to a recent announcement by the manager, T. Geo. Wood. It is estimated that the expenditure made yearly in this industry in Alberta averages over \$650,000, the factory employing during its peak of production from 250 to 300 men. Approximately 37,000 tons of beets were harvested and growers have received an initial payment of \$7 per ton which it is expected will be supplemented by further payments during the winter months. During the past season an average yield of 7.5 tons per acre was secured, the beets having an average sugar content of 17.2%.

Homestead Records Broken in 1928
Breaking all records since the office was opened, 3,389 homesteads and 134 soldier grants were filed on in the Dominion Lands Office at Edmonton in 1928 according to figures issued by A. Norquay, Dominion Lands Agent. The corresponding figures for 1927 are 1,354 homesteads and 89 soldier grants. During the month of December 1928, 400 quarter sections were filed on as compared with 107 for the same month in 1927. Similar increases have been shown in the filings at all other land offices in the province, particularly marked gains having occurred in the entries made at the Grande Prairie and Peace River offices.

Alberta Honey Production Increased
Honey production in Alberta during 1928 shows an increase of approximately twelve per cent over the total for the previous year, according to figures just compiled by the Provincial Department of Agriculture from returns supplied by beekeepers throughout the province. Production during the past year has reached approximately 336,000 pounds, as compared with 306,000 pounds for the season of 1927; the reports indicating that colonies in most cases have shown a considerably increased production. In addition to the number of beekeepers who were in the business last year, this year's records show that a steadily increasing number of farmers are

developing this profitable sideline to their regular farming operations. **Course Offered for Weed Inspectors**
A Diploma Course for weed inspectors will be put on by the Department of Agriculture at the University of Alberta from February 25 to March 1. It is announced by Field Crops Commissioner W. J. Stephen. Those in attendance will be given instruction in the interpretation of The Noxious Weeds Act, in the identification of weeds and on subjects having direct bearing on weed control. Increased Judicial Service for North Country

Increased judicial service in the northern part of the province is to be provided under arrangements recently made by the Attorney General's Department. A District Court Judge will hereafter be in attendance at Grande Prairie every two weeks beginning next week when Judge Dubuc inaugurates the new schedule. The new courthouse at Grande Prairie will shortly be ready for its formal opening and in the meantime, the court will be held in temporary quarters.

THEIR ELDERS MAY ALSO PROFIT

(Blenheim, Ont., News-Tribune)
Dr. A. R. Hanks, M.H.O. for Blenheim, Harwich and Erieau, has had a number of cards printed and placed in the schools on which is printed a lot of wholesome advice tending to improve the habits and health of the children. It cannot but have an influence for good on all who read, and as elders may benefit as well as the youth, we republish the items as follows:

1. Eat plenty of whole cereals, vegetables and green fruit every day, but not much meat.
2. Drink at least two glasses of milk and four glasses of water every day, but no tea or coffee.
3. Sleep with the windows open or in the open air. Be in bed at least ten hours every night.
4. Be regular every day in going to the toilet.
5. Play out of doors every day.
6. Hold the body straight while sitting or standing.
7. Brush the teeth every night and morning.
8. Take a warm bath at least once a week.
9. Wash the hands before touching food and after using the toilet. Keep the finger nails clean.
10. Use a handkerchief over the mouth when coughing or sneezing.
11. Keep fingers, pencils, pens, erasers and rulers away from the mouth and nose.
12. Do not spit. Use a handkerchief.

THE FLOW OF WHEAT

Canada, for a long period a giant in the world's wheat trade, is continuing to grow. The department of the interior of the Dominion government has announced that in the crop year that ended on July 31 exports of the grain, either in its original form or

NOT THE SAME PERSON AT ALL

'Fruit-a-tives' Stopped
Pain and Terrible
Dizziness

Mrs. GODIN

It seems almost a miracle—the way "Fruit-a-tives" benefits women suffering at the change of life. "I was obliged to go to bed because of the terrible dizziness, pain and weakness," writes Mrs. Onesimo Godin of Paquetville, N.B. "During this trying time "Fruit-a-tives" proved a godsend to me, and now I am in perfect health. Every woman should follow my example and take "Fruit-a-tives," and they would surely get the wonderful relief that I did." Try it. Your dealer has this wonderful fruit medicine—25c and 50c. a box.

in the shape of flour, amounting to more than 32,000,000 bushels. The total for the preceding twelve months was slightly under 293,000,000. The rise approximated 10 per cent. In a country of vast and suitable areas for wheat growing, and one that is comparatively sparsely populated, the expansion in this export classification is wholly logical. The three western provinces, Alberta, Manitoba and Saskatchewan, compose an international bread basket of tremendous importance in economic estimates.

Four countries—the United States, Argentina and Australia, in addition to the Dominion—supply in excess of ninety out of each 100 bushels of wheat imported by peoples resident elsewhere who do not produce a sufficient quantity at home to meet their needs. The position of Canada in that group of shippers is indicated by the fact that, in the latest year dealt with, she supplied almost thirty-eight of each of those 99 bushels. The United States, while not the reliance for breadstuffs abroad as once was the case, remains a big factor. The output of American agriculture provided 23½ bushels of the amount exported by the four nations. Argentina approximated 21 and Australia contributed a fraction more than eight bushels. The American total and that of Australia showed a shrinkage compared with the preceding 12 months. Argentina, like Canada, recorded a rise.

It is of first significance, nevertheless, that the United States, despite a far-reaching ascendancy in

manufacturing, continues to be a foremost factor in the world's wheat flow. The bearing of our farming, in both a foreign and domestic sense, is emphasized additionally when note is made of the diversity of our land production. Canada towers only in wheat, and,

to a degree, in cattle. We raise even more of that grain, when home consumption is included with what is exported. In cotton, corn, hogs and cattle American agriculture likewise bulks as mammoth. Then there are many lesser farm commodities, measured by quantity and gross value, that

are far from a minor factor in our land development.—Indianapolis Journal.

"It would like to get some light reading," said a patron at the local village library, Saturday. "How would The House of a Thousand Candles do?" asked the librarian.

DEATH CHARGE NEARER FOR HIT-RUNNER

Gravel for more than an hour in the county jail yesterday, Donald Conley, twenty-two, made admissions to county officials that will result, according to Deputy Prosecutor Ethel Allen Peyer, in the filing of manslaughter charges against him to-morrow.

It is Conley, Peyer declares, who was at the wheel of the car that side-swiped a smaller machine on the Tacoma highway near Des Moines last Thursday morning, causing the death of Miss Ethel Morrison, of Longview, Allen Coleman of Tacoma, and the serious injury of Miss Anna Reichert, twenty-four, also of Tacoma.

While steadfastly denying it was Coleman's car he struck, Conley, according to Peyer, has told three conflicting stories, in all of which he admitted being on the Tacoma highway, about the time the Coleman car was hit.

Furthermore, Peyer said, Conley, when confronted with evidence obtained in Tacoma by Deputy Coroner

Howard MacDonald and Deputy Sheriff Earl Henry, admitted he was one in a liquor party there, and that he had had four drinks before driving for Seattle. His Chrysler car was discovered with the front end smashed in Conley's companion, Kenneth Kiewitter, 2447 First Avenue North, when questioned by MacDonald, admitted the Chrysler "hit something," but insisted he was asleep and didn't observe what it was. He is not being held.

Miss Morrison, who only lived about ten minutes after her arrival at the hospital, formerly lived in Millet with her parents, and was well-known. The remains were taken to Longview, where they were interred in the Longview Memorial cemetery. Deceased leaves to mourn her loss, her parents, Mr. and Mrs. Norman Morrison, Longview, formerly of Millet, three brothers of Longview, and one sister, Mrs. Asa Clark of Millet. The community join in extending their sympathy to the bereaved family.

NOTICE

The Annual School meeting for Millet School District 655, will be held in the school house on Monday, Jan. 14, at 2 p.m.

MILLET LOCAL NEWS

Miss Reddon of Wetaskiwin, was a guest of Mrs. Aikens over the week-end.

Mr. G. A. Wagner was the guest of Mr. and Mrs. Graham on Sunday afternoon.

Mrs. Dowler returned on Friday from her visit with Mr. and Mrs. H. Dowler at Edson.

Mr. J. O. Anderson has been appointed agent of the Canadian Hatcheries, for the Millet district.

Mrs. Reynolds, Master Vincent and Mr. Little, left during the past week to reside in Leduc for the winter.

Mr. Henry of Priest River, Idaho, is visiting his mother, Mrs. Henry, Sr., and his sister, Mrs. Gordon Inglis.

The many friends of Miss Mary Kubick will regret to learn of her illness in the General Hospital, Edmonton.

***The Ladies' Aid of the United church will serve dinner in the Community Hall on Saturday, January 26, at noon.

Mr. Lloyd Macdonald, a nephew of Rev. L. R. MacDonald, was a guest at the Parsonage during the Christmas vacation.

Miss Molly Plant left on Thursday to enter the Lamont Hospital training school for nurses. We unite in wishing her all success.

Miss Josephine Inglis and Miss Mamie Watson were guests with friends at Cadomin for two weeks over the Christmas vacation.

The Ladies' Aid of the United Church held their January meeting on Thursday at the home of Mrs. Graham, with seven members present. In the missionary program; arrangements were made that the mite box opening be held at the home of Mrs. Facey on Wednesday evening, and subscriptions to the "Missionary Monthly" listed. Mrs. West, newly elected president, was in the chair and the usual routine business program followed. Mrs. Phillips served refreshments at the close.

The Young People's Society of Millet met in the United church on Monday evening, Jan. 7th. The president, Miss Annie Smith, opened the meeting. Arrangements for holding a debate next Monday, January 14th—the literary night—were made. The debate chosen was No. 52 on the list supplied by the University Department of Extension. "Resolved, that the departmental store has proved a benefit to the rural community." Speakers pro and con will debate this subject and a decision as to respective merits will be arrived at. The meeting hour is at 8 p.m., the debate will begin at about 8:30, when visitors will be allowed. The leader on Monday evening last, Rev. MacDonald, took the time of the devotional service in answering some practical and troubling questions.

GOLDEN WEDDING

A very happy event was the celebration at Bulwark, Alberta, of the golden wedding day of Mr. and Mrs. T. L. Lind on New Year's Day.

The festivities were held in the Community Hall, with guests numbering one hundred and fifty. Members of the family, excepting one son, were present.

Four little grand-daughters were flower girls, and drew in the wagon with gifts to present to their grandparents. The little girls were, Miss Eunice Lind of Cromona, Miss Shelia Lind, Bulwark, Miss Winnifred Lind, Millet, and Miss Alberta Anderson, of Castor.

A very entertaining program was presented, during which presentations were made to the bride and groom, the family presenting to their father a smokery stand and to their mother a beautiful brooch and gold necklace. The guests brought many lovely gifts. The evening was passed at games and dancing, and in a happy gathering at the festive board.

ITEMS OF INTEREST

Canada has 272 millionaires who reside as follows: Ontario, 133; Quebec, 1; Manitoba, 21; British Columbia, 9; New Brunswick, 5; Alberta, 4; and Nova Scotia, 4. So far as this crop goes, Canada is doing pretty well.

The "blue" gas which has been mentioned recently as of use in the airships, is the old "Blau" gas, sometimes known as "Pintich" gas which has long been used both on trains and for cooking in certain quarters.

The latest estimate of the speed of light is 186,284 miles per second. Some one suggests that we had better not say too much about this, or some hare-brained autist will be trying to beat it. Well, let him!

Greyhound racing has been introduced into China, and while it attracted the crowds at once, yet it has come under the frown of the authorities, as it was so plainly a mere form of gambling, of which the Chinese already have quite enough.

THINK IT OVER!

No man ever died because of his hard bumps; they scare the coward, frighten the lazy, but make the resolute more determined.

HON. PERRIN BAKER AND MR. BRETON, M.L.A. ADDRESS MEETING AT MILLET

At a public meeting held on Thursday evening in Pinyon's hall, the proposed changes in the Department of Education, regarding rural schools, were set forth by Hon. Perrin Baker, Minister of Education. There was a good attendance and the Minister was listened to attentively while he outlined and explained the proposed changes.

At the close of his address, he gave the opportunity to ask questions. From the nature of the questions which were put to the Minister, many being asked by trustees, ex-trustees, and secretary-treasurers, the general impression was given the audience that they would hesitate strongly before giving up their right to manage their own school affairs. The idea of pooling their municipal school taxes, taking any teacher the supervisory board chose to send them, parting with a teacher whom they were desirous of retaining, in fact, giving up all control in connection with engaging a teacher, paying the salary, changing teachers as they might desire, seemed to meet with decided objection, and was considered by several to be an infringement on the rights of local school boards elected by the people to manage their own school affairs, according to their own judgment.

Mr. Breton was called upon and gave a short address. He was responsible for having the meeting called, as he wanted the proposed changes to be put clearly before the electorate.

It would seem that such a change in the educational system, affecting every rural school district in the Province, about three thousand of them, would be of so great importance as to merit a place in the platform of any party seeking office, and calling for the vote of every elector.

Mr. K. Kerr, chairman of the Millet School Board, acted as chairman.

HILLSIDE LOCAL WILL PRESENT RESOLUTION

Among the resolutions to be debated at the U.F.A. Convention in Edmonton next week will be the following presented by the Hillside local:

"Resolved, that we heartily approve the principle of the proposed changes in the Rural School System of this Province as outlined by the Minister of Education, and

"Further, that in the raising of the funds for educational purposes as proposed, we believe that the Rural School areas of the entire Province should be grouped into one district, having a flat mill rate on assessed valuation, and one salary schedule for teachers, based upon qualification and experience."

COMMUNICATION

(We do not necessarily endorse the sentiments advanced by this or any other correspondent under this heading.—Ed.)

To the Editor

Dear Sir—
I would not trespass on your space again only Mr. Henry Young, in his recent letter, seems to feel hurt because I have side-tracked five of his arguments. I am sorry if I have overlooked any of his arguments.

I have endeavored to meet them all fairly, but I find, however, that Mr. Young side-tracks every one of my arguments because they don't suit him. I am sorry that my eloquence is wasted, as it were, but it does not worry me in the least.

From what I gather, Mr. H. Young only looks at the matter from the point of view that the Federal members of Parliament cannot afford to live on their present salary. However, my viewpoint, which I refuse to budge from, is that, under present circumstances, what with the present burden of taxation—municipal, provincial and federal—and the present high cost of living, "Canada can't afford to pay the Federal members any more than they are getting."

I have tried to point out how this high cost of living in Canada could be reduced, by reducing the number of governments, the large number of Federal members, and the number of officials under the different governments, but all my efforts are pool-poohed because they are "really nothing to do with the subject under discussion" and "absolutely wide of the question."

However, I am nonsensical enough to think that the money thus economized would very easily pay a bigger increase of salary to the remaining Federal members than even the six thousand dollars which Mr. Young suggests. And the fairest way would be to pay each member according to the distance his constituency was from Ottawa—a sliding scale of salaries instead of an equal rate for all. The Ontario and Quebec members do not need much, if any, increase in pay anyway.

But my firm conviction is that the Government of Canada from top to bottom is already far more expensive per head of population than it should be, and I flatly refuse to agree to any proposal to make the taxes any higher than they are, no matter what may be the merits of the proposition that may be advanced, whether it be to raise the pay of Federal members or to impose fresh taxation under the new School Act that is proposed for Alberta.

Many politicians seem to think it is only necessary for them to point out the virtues of their plans, just like the high-pressure salesmen do, and then the tax-paying public will immediately fall for them and pay up promptly with a smile. But any government to be run efficiently has to be run on business lines. And at the present stage in the development of Canada, strict economy in Government finances should be the order of the day.

The Minister of Finance for Canada, speaking at Vancouver very recently, admitted that there was too much overlapping in Dominion and Provincial taxations and suggested a round table conference to discuss how tax reductions could best be made. The same applies to Provincial and Municipal taxes. There is too much overlapping of taxation all around and all the different forms of government dip into the public purse regardless of results.

Mr. Young apparently agrees with me that "Government should be only by the consent of the governed," when he refers to the democratic methods of the U.F.A.

Whenever the governed do not consent to a raise in taxation, there has always been trouble in the past in various countries. For example, the Liberal Government at Victoria, B.C., that raised its pay a few years ago without consulting the people, met an overwhelming defeat at the polls last year.

I do not see any object in discussing the five points Mr. Young thinks I have dodged, as I have logically dismissed the whole subject of raising Federal members' pay by saying, "Canada can't afford it." I could answer those arguments at great length, but I am a bit of a sport and I hope that Mr. H. Young will be able to make the best use of his arguments at the coming U.F.A. convention without my destroying his faith in their infallibility in any way.

Every man is entitled to his own opinions. However, like Mr. Young, I have learnt a little in this friendly argument of ours. The other day, for instance, I was considerably surprised when a very prominent member of the U.F.A. shook my hand and congratulated me on both my letters to "The Times" on this matter. It doesn't matter who the gentleman was, I refuse to say. But from what I can gather, there is a strong difference of opinion among the ranks of the U.F.A. as well as among those who do not belong to the U.F.A.

Personally I have no quarrel with the U.F.A. as far as co-operation in business goes, because I strongly be-

love in that myself, but I also believe strongly that co-operation and politics will not mix any more than oil and water will. Just because they advocate co-operation in everything, the U.F.A. seem to think they are above criticism in politics. They seem to think that their form of government is perfect, and that this gives them the right to criticize any other party without any come-back. But politics are the same all over the world, and I'm like the man from Missouri "you have to show me" that the U.F.A. as a political party is any better than any other political party.

An American at the head of one of the greatest business concerns in the United States once said "Just as soon as a man thinks he is indispensable, that is the time to fire him." The same thing applies to parties and governments.

So, in conclusion, I would say that "just as soon as the U.F.A. thinks it is indispensable in the government of Alberta, just as soon as the people of Alberta think it is better than any other political party."

That is my prophecy and warning. I am, sir, yours sincerely,

FRED H. NICHOLS.

Neighborhood NEWS

RECEIVED TOO LATE FOR THE MILLET PAGE

Mr. W. J. Kerr of Swallow, was the guest of Mr. and Mrs. Graham on Wednesday evening.

Mrs. A. J. Furling and son left on Thursday, Dec. 27th, for Monrovia, California, to visit her people there. The January meeting of the Wisconsin V.I. was held at the home of Mrs. Norf. Owing to the inclement weather, only six members responded to the roll call which was answered by members relating their favorite "cold" cure, some of which should prove useful. It was moved and seconded that the above Institute shall hold a Baby Clinic during the coming year. It was decided to hold a dance on January 18th at Telford school, the gentlemen to pay a fee of 50c and the ladies to bring cake. Mrs. Newbold will be hostess at the February meeting.

INSTALLATION OF OFFICERS

The officers of Crescent Rebekah Lodge No. 6 were installed Tuesday evening by Sister Cook, D.D.P. The officers for the year are:
N.G.—Sister Chaffee.
P.N.G.—Sister Brookfield.
V.G.—Sister Spencer.
R. Sec.—Sister Gothard.
F. Sec.—Sister Moan.
Treas.—Sister Bye.
Ward.—Sister Beaver.
Con.—Sister Pear.
Chap.—Sister Chandler.
Musical.—Sister Moen.
R.S.N.G.—Sister Hanna.
L.S.N.G.—Sister Farnham.
R.S.V.G.—Sister Sears.
L.S.V.G.—Sister Starkey.
I.G.—Sister Sherbeck.
O.G.—Sister Asper.

HOSPITAL AID NOTES

The Hospital Aid and the Hospital Board have co-operated in purchasing some new furniture and hangings for the Nurses' sitting room, which added greatly to its appearance.

At the last meeting, Mrs. Fraser handed in the sum of \$27 from the sale of work left from the bazaar and reports that everything is now sold. This sum brings the net proceeds of the bazaar up to \$583.75.

Following are the officers for 1929: President—Mrs. H. J. Montgomery. 1st Vice—Mrs. H. C. R. Walker. 2nd Vice—Mrs. George D. Wallace. Secretary—Mrs. H. W. Wright. Treasurer—Mrs. J. A. Rodell. Auditor—Mrs. J. E. Fraser. Directors—Mrs. W. H. Odell, Mrs. A. A. Ellis, Mrs. J. E. Fraser, Mrs. Geo. E. Wiseman and Mrs. W. Gibson.

CARD OF THANKS

The undersigned wish through the columns of The Times to sincerely thank all those who assisted in any way, and for their expressions of sympathy during their recent and bereavement. They are especially grateful to those who sent floral tributes.
Mrs. G. H. Burkhardt and Family.

Penny Wise

A PENNY saved is not always a penny earned. Sometimes it is two pennies lost. The merchant who spends nothing on advertising is practicing false economy; his losses in sales far exceed the pennies saved.

The money spent for plate glass windows is not looked on as lost; nor is the money spent on better interior lighting.

Anything that increases favor, that adds to sales, that multiplies customers is very properly regarded as a good investment.

Advertising is a good investment—just as plate glass windows are. Advertising is the plate glass window the merchant can send into every home. Advertising sells more goods to more persons than shop-windows do.

A WORD TO THE PUBLIC

Do you resent having a merchant address his message to you in the form of an advertisement in our columns? On the contrary is not your impulse to respond to his friendly overtures?

ADVERTISEMENTS ARE STORE WINDOWS

OLD TIMERS' ASSOCIATION
L. D. Hanna was in Edmonton on Wednesday last, attending an executive meeting of the Northern Alberta Old Timers' Association. Frank Lucas is also on the executive, but was prevented from attending. At this meeting it was decided to have the annual round-up and banquet at the McDonald hotel on January 18. A unique dance program, in which the names of many old timers are worked in, was approved. An extra is named "Frank Lucas Fox-trot."

member of the family over 21 years of age, is eligible for membership in the Old Timers' Association, and Mr. Hanna will be pleased to take any applications.

Vulcan, Alberta, claims to be the greatest shipper of grain direct from farm to rolling stock in the world. It has nine elevators, and last year they shipped 2,250,000 bushels of grain, and this year it expects to beat its own record.
